

Neighborhood Expertise Email

Yes, [neighborhood] is also my ideal location.

Greetings, [Prospect]

I appreciate you coming by [address] last Sunday. It was a pleasure meeting you.

There are a few properties in this neighborhood I'd like to show you if you're interested in seeing them. Although it's a cutthroat market, my neighborhood buying and selling expertise is unmatched.

I'd like to know more about what you're searching for in a new home before we get too serious. In order to make sure I'm the proper fit for you, I also want to explain how I handle the home-buying process.
