Good day, [Prospect name]

We appreciate you stopping by the open house last weekend at [address].

I'm contacting you because I'd love to hear your opinions, both positive and negative.

What did you think of the property when you first arrived? How does the house measure up to the others you've seen? How do you feel about the cost?

Tell me what you experienced during the open house, please. To reserve a time slot for a feedback session, click this link to my calendar: [Link to meeting tool].

I'll use your comments to improve the experience going forward.
