Thank you for visiting!

Greetings, [Prospect name]

We appreciate your visit on Sunday. I wanted to see if there was anything I could do to help you with [insert address]. I also wanted to mention a couple of additional nearby comparable residences that are for sale. If you're interested, I'd be pleased to schedule an appointment for you to see those properties:

Property 1

Property 2

Property 3

Let me know if you'd want to get an early start since homes like this are only available around [insert number] days at a time.

Regards,

(Your name)
